

# August 28, 2014

**14** Some phases of a dividing plant cell are shown in the diagram.

What is the next phase of plant cell division?

**You must explain why your answer is correct.**

**Please write the page number in your book that supports your explanation.**

**Use the index of your book to help you.**

# Chapter 13 Day 14

## Lab Day!

I can identify how Newton's laws of motion relate to the movement of objects.

GLE: 0707.11.4 Investigate how Newton's laws of motion explain an object's movement

# Lab Day!

- You will go around to each station with your group.
- You **MUST** take good notes at each station. You will use this later on a graded paper. This goes in the LAB section of your composition book. Make sure you get the name of each station.
