34 Which processes can change a metamorphic rock into an igneous rock?

- F** weathering and erosion
- G** melting and cooling
- H** deposition and cementation
- J** heat and pressure

You must explain why your answer is correct.

Please write the page number in your book that supports your explanation.

Use the index of your book to help you.

Rube Goldberg Monday

I can distinguish between the six
simple machines.

Agenda

- Show Mrs. Martin your list.
- Look at your lists of items with your group.
- What can you make?
- Draw a sketch of your machine.
