35 Which is a major function of the human reproductive system?

- A** protecting internal organs
- B** producing gametes
- C** breaking down food
- D** eliminating wastes

You must explain why your answer is correct.

Please write the page number in your book that supports your explanation.

Use the index of your book to help you.

Rube Goldberg Tuesday

I can distinguish between the six
simple machines.

Agenda

- Today, you will begin to work on your machines.
- Please remember!
 - You must have five of the six simple machines included.
 - You must have at least five steps.
 - Your machine must complete a task.
 - EVERYONE should participate.
 - Your machine is due FRIDAY!!!
